Letter of Endorsement

The Arab League of Associations for Rheumatology (ArLAR) has evaluated the Mediterranean Journal of Rheumatology as an ethical evidence-based rheumatology journal adhering to global editorial standards.

The Journal is a platform for scholarly communication among rheumatology specialists aiming to publish quality articles and influence rheumatology services in the Mediterranean and neighboring countries.

The MJR can be viewed as an academic reference for rheumatology specialists and research fellows.

President of ArLAR
